MONTHLY LEARNERS ON MY CONTENT	POSITIVE TRAINEE RATINGS	SHORTER TRAINING PROGRAM

Instructional designer with 4+ years building training that sticks — facilitated decks, eLearning modules, and interactive sandbox environments. Self-taught in AI design tools like Claude and Claude Design, and in Articulate 360, and uses them to build content that is faster to produce and harder to forget.

EXPERIENCE

Carvana

Tempe, AZ · 2021 – Present

Instructional Designer — Jan 2026 – Present

- Led the Customer Care onboarding redesign, managing and building a new interdepartmental program from the ground up that now reaches hundreds of new hires each month with 96%+ positive trainee ratings.
- Shortened the training program by 12% by replacing facilitated deck content with interactive eLearning modules and sandbox environments that simplify complex material.
- Self-taught Claude and Claude Design to build interactive sandbox simulations, embedding them in Articulate Storyline and Rise courses.

Associate, Learning & Enablement — Feb 2025 – Jan 2026

- Promoted in recognition of ownership over Advocate-facing training resources and change communications; continued this work at increased scope.

Coordinator, Learning & Enablement — Oct 2022 – Feb 2025

- Owned and maintained a company-wide resource hub of 100+ articles covering policies, workflows, and task procedures for all Customer Care Advocates.

Verification Advocate — Oct 2021 – Oct 2022

- Handled customer experience and underwriting verification on the front line — the learner perspective behind the training I design today.
